Explanation

- The City of Charlotte maintains approximately 180 city-owned facilities including offices, firehouses, police division stations, and equipment shops that house various city facilities.
- On-going maintenance of these facilities requires electrical services including standard maintenance, minor renovations, and repairs.
- These contracts will provide diagnostic, maintenance and repair services to systems that power both facilities and EV chargers.
- On October 20, 2023, the city issued a Request for Proposals (RFP); 14 responses were received.
- The companies selected best meet the city’s needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Potential price adjustments may be considered based on legitimate and justified increases in the cost of doing business.
- Annual aggregate expenditures are estimated to be \$5,260,000.
