Explanation

- The Airport provides heating, ventilation, and air conditioning for the Main Terminal Building, five concourses, and several outlying buildings.
- During the COVID-19 pandemic the Airport upgraded the quality of filters and will continue to use them in order to provide protection to the users of airport facilities.
- This contract is for the purchase of air filtration products and the quarterly replacement of air filters on all Airport-owned air handlers.
- On January 3, 2024, the city issued Invitation to Bid (ITB); two responses were received.
- United Air Filter Company best meets the city's needs of qualifications, experience, cost, and responsiveness for ITB requirements.
- Annual expenditures are estimated to be \$285,000.
