Jack Christine, Aviation

Explanation

- Aviation is required to maintain all primary movement surfaces in the event of winter weather. The current Aviation snow equipment is insufficient and no longer supported by the manufacturer.
- NC General Statute Section 143-129(e)(3) allows for local governments to purchase from formally organized cooperative purchasing contracts.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise.
- Annual expenditures are estimated at \$2,602,620.

Charlotte Business INclusion

This is a cooperative purchasing contract and is exempt from the CBI Program.
