Cooperative Purchasing Exemption

NC S.L. 2001-328, effective January 1, 2002, authorizes competitive group purchasing.

Explanation

- The City assesses vehicles and equipment on an annual basis to determine replacement needs based on a rating of vehicle usage, age, maintenance costs, and condition.
- G.S. 143-129(e)(3) allows local governments to purchase from formally organized cooperative

purchasing contracts.

- Cooperative purchasing agreements result from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs, all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise that can be utilized on a local, regional, and national level.
- Vehicles and equipment being purchased include construction equipment, excavators, skid steers, heavy duty cab and chassis, aerial light truck bodies, utility vehicles, and wood chippers.
- Fiscal Year 2019 expenditures for all contracts combined are estimated to be \$3,339,000.

Charlotte Business INClusion

These are cooperative purchasing contracts and are exempt (Part A: Appendix 27 of the Charlotte Business INClusion Policy).

Fiscal Note

Funding: General and Enterprise Capital Equipment Replacement Funds
