Date	Ver.	Action By	Action	Result
4/26/2021	1	City Council Business Meeting	Adopt and Approve	Pass

**Water and Sewer Revenue Bond Anticipation Note**

**Action:**

- A. Adopt a bond order and resolution authorizing the issuance of up to \$250,000,000 of revenue bond anticipation notes and calling for the execution and delivery of various documents in connection with the issuance, and**
- B. Authorize city officials to take necessary actions to complete the financing, including making the application to the Local Government Commission.**

**Staff Resource(s):**

Kelly Flannery, Finance  
Angela Charles, Charlotte Water

**Explanation**

- City Council adopts the Charlotte Water Capital Investment Plan which includes capital projects to be funded with debt proceeds. The debt issuance is planned in two steps; a short-term construction period draw program lasting up to 36 months which will then be converted into long-term, fixed rate revenue bonds once construction nears completion.
- This financing approach reduces interest cost, promotes rate stability, and provides flexibility in the timing of the spending.
- The construction period financing will be in the form of a \$250,000,000 privately placed drawdown program, allowing the city to reimburse expenses on a monthly basis during construction and eliminating interest expense on funds not yet expended on the projects.
- The projects being funded are concentrated in two different areas:
  - Maintenance of existing treatment facilities to ensure reliable treatment process and regulatory compliance, and
  - Rehabilitation and replacement of existing water and sewer infrastructure that has met its useful performance life.
- This action does not require rate increases.
- The North Carolina Local Government Commission is expected to review and approve this financing on June 1, 2021.

**Fiscal Note**

Funding: Charlotte Water Revenue Bond Debt Service Fund
