Explanation

- The city requires qualified and experienced companies to provide on-call low voltage cabling services for installation and minor renovations at various city facilities.
- A citywide contract benefits the city by leveraging volume discounts on products and services, while also ensuring reliable cabling services from a pool of available service providers.
- The services primarily include installation of data cabling, as well as installation and maintenance of ethernet cables.
- On March 2, 2021, the city issued a Request for Proposals (RFP); four responses were received.
- The companies selected best meet the city’s needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Annual expenditures are estimated to be \$1,300,000.

Charlotte Business INclusion

Per Charlotte Business INclusion Policy: Part C: Section 2.1(a) The city shall not establish Subcontracting Goals for Contracts where (a) there are no subcontracting opportunities identified for the Contract; or (b) there are no MWBEs or SBEs certified to perform the scopes of work that the city regards as realistic opportunities for subcontracting.

These contracts meet the provisions of (a) - No subcontracting opportunities.
