Cooperative Purchasing Exemption

NC S.L. 2001-328, effective January 1, 2002, authorizes competitive group purchasing.

Explanation

- Industrial supplies, such as bearings, seals, gears, hand tools, and laser alignment tools, are routinely required by CATS, Aviation, Charlotte Water, and other City departments for daily operations.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs, all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise that can be utilized on a local, regional, and national level.
- Applied Industrial Technologies has a contract awarded by Maricopa County, AZ, on behalf of U.S. Communities that offers competitively-obtained contracts to public agencies nationwide.
- The City is a member of and serves on the U.S. Communities Advisory Board.
- Annual expenditures are estimated to be \$200,000.

Charlotte Business INclusion

This is a cooperative purchasing contract and is exempt (Part A: Appendix 27 of the Charlotte Business INclusion Policy).
