**Explanation**

- City vehicles and equipment are assessed on an annual basis to determine replacement needs based on a rating of vehicle usage, age, maintenance costs, and condition.
- Purchased vehicles and equipment include heavy-duty cab and chassis, truck bodies, street maintenance equipment, sewer cleaning equipment, mini excavators, skid steers, utility vehicles, forklifts, vehicle lifts, and heavy-duty construction equipment.
- NC General Statute Section 143-129(e)(3) allows local governments to purchase from formally organized cooperative purchasing contracts.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of

multiple public agency requirements. By aggregating common needs all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise.

- Annual expenditures are estimated to be \$12,000,000.
