Explanation

- The purpose of these contracts is to provide advance site prep for private utility relocations on an as-needed basis on City construction projects. The advance site prep work is necessary to remove obstacles out of the private utility’s way prior to utilities being relocated for the construction projects.
- The work includes but is not limited to:
 - Removing or relocating fences, sheds, sidewalk panels, lawn ornamentals, mailboxes, driveways, etc.;
 - Replacing missing sidewalks and driveways;
 - Regrading lawns and landscaping;
 - Developing/grading swales to accommodate future relocations;
 - Removing trees and stumps, as required; and
 - Miscellaneous work as needed to relocate public and private utilities.
- On October 5, 2021, the City issued a Request for Proposals (RFP); two responses were received.
- These two firms best meet the City’s needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Annual aggregate expenditures are estimated to be \$1,500,000.

Charlotte Business INclusion
