### **Phase 2 of CityLYNX Gold Line Electrical Testing Services**

**Action:**

**Authorize the City Manager to negotiate and execute an agreement with STV Engineers, Inc. for electrical testing for the CityLYNX Gold Line Phase 2 Project in an amount up to \$300,000.**

**Staff Resource(s):**

John Lewis, CATS

David McDonald, CATS

**Explanation**

- Specialized engineering support is required to monitor and test the electrical systems constructed as a part of the CityLYNX Gold Line Phase 2 project.
- On November 15, 2016, the City issued a Request for Proposal; a single proposal was received from STV Engineers, Inc.
- STV Engineers, Inc. was selected as the best qualified firm to meet the City's needs.
- The contract will provide for electrical testing and inspection services related to the electrical power and control systems for the extended segments of the CityLYNX Gold Line.
- The contractor will provide the following:
  - Specialized testing and quality control testing as the City's agents, and
  - Ensure that the components and systems being provided by the construction contractor meet the project specifications and safety certifications.

**Disadvantaged Business Enterprise (DBE) Opportunity**

Pursuant to the United States Department of Transportation DBE Program, Subpart C, no DBE utilization goal was set for this contract because there are no subcontracting opportunities.

**Fiscal Note**

Funding: CATS Community Investment Plan
