### **Police Vehicle Lease Services Contract Renewal**

**Action:**

**Approve a four year renewal of the Vehicle Lease Services Contract with Wilmar, Inc. for police leased vehicles.**

**Staff Resource(s):**

Kerr Putney, Police  
Sherie Pearsall, Police

**Explanation**

- Since 2000, the Charlotte-Mecklenburg Police Department (CMPD) has used an outside vendor to provide leased vehicles, primarily for use by undercover units for various police needs.
- The contract provides CMPD access to a variety of vehicles, including sports utility vehicles, compact and mid-size sedans, and pick-up trucks. The variety of vehicles available, as well as the speed at which vehicles can be swapped, is required for undercover operations.
- The vehicles under this contract address CMPD's needs which the standard vehicle fleet cannot accommodate.
- On October 27, 2014, City Council authorized the initial four-year term of the contract for an estimated total amount of \$460,000.
- Additional Council approval is required to authorize the second four-year extension, which was not included in the original Request for Council Action.
- The original procurement process and contract included one four-year term with one four-year extension.
- Expenditures for the total renewal term are estimated to be \$540,000.

**Fiscal Note**

Funding: CMPD Operating Budget
