Airport Parking Lot Lighting

Action:

- A. Approve a contract with Duke Energy not to exceed \$750,000 to install LED street lights in a parking lot, and**
- B. Adopt a budget ordinance appropriating \$750,000 from the Aviation Discretionary Fund to the Aviation Community Investment Plan Fund.**

Staff Resource(s):

Jack Christine, Aviation

Explanation

- Approximately 25% of the Long Term 4 Parking lot has permanent street lights. The remainder of the lot uses temporary, portable gasoline-powered lights.
- The contract will provide for the replacement of all existing lights, and addition of new lighting and infrastructure to support the fixtures.
- The cost for the lighting installation includes new underground conduit, electrical circuits, concrete foundations, metal poles, and new light fixtures, as well as upgrades to the existing permanent street lights.
- Aviation has chosen LED lights for their superior energy efficiency and brightness.

Charlotte Business INclusion

No subcontracting goal was established because there are no subcontracting opportunities (Part B: Section 2.3 of the Charlotte Business INclusion Policy).

Fiscal Note

Funding: Aviation Community Investment Plan
