Explanation

- Animal care and Control (AC&C) is responsible for the welfare of animals under its care which requires the services of a full time veterinarian.
- The shelter veterinarian will:
 - Provide preventative and diagnostic veterinary services for animals housed at the shelter or in foster care as well as for dogs assigned to the Police K-9 Unit;
 - Conduct wellness exams and complete medical records for animals being offered for adoption;
 - Assist in writing and updating medical and sanitation protocols;
 - Consult on animal cruelty and inadequate care investigations, including testifying in court as an expert witness; and
 - Train shelter staff on the administration of vaccinations and medications.
- On October 17, 2016, the City issued a Request for Proposals (RFP) for veterinary services.
- In response to the RFP, the City received one proposal from interested service providers despite extensive vendor outreach and discussion.
 - Vendors that did not submit a proposal indicated that they were not interested in providing the services due to the City's need of a veterinarian being onsite for 40 hours per week.
- The Project Team, consisting of staff from Police and Management & Financial Services, evaluated the proposal and determined that Chantilly Veterinary Services, Inc. meets the City's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Chantilly Veterinary Services, Inc. has provided these services for the past four years.

- The contract gives the City the option to renew for four additional, one-year terms with a price increase as negotiated in the contract.
- The company will be paid at the unit price set forth in the contract, a copy of which is available upon request.
- Estimated contract expenditures are \$85,000 annually.
