**Time:** 20 minutes

**Explanation**

- Over the last two years, the City has worked to update land use policies (Place Types) in conjunction with consolidating development ordinances (the Unified Development Ordinance).
- Feedback from City Council, the Ordinance Advisory Committee, and community stakeholders has indicated a need to broaden the Place Type policy initiative.
- In response, the City will embark on a comprehensive planning process and development of a 20-year community vision that includes robust community engagement.
- The Transportation and Planning Committee received an update on May 29, 2018, and this presentation will outline next steps.
