Explanation

- The 2015 Water System Master Plan includes four new elevated water storage tanks to meet capacity demands in the next ten years. Proactive land acquisitions will help with future project implementation.
- One zone requiring construction of a new elevated water storage tank is located in north Charlotte, in Council District 2.
- Two privately owned properties of approximately 7.4 acres total, located within this search zone, at the intersection of Old Statesville Road and Statesville Road were identified as the most suitable location for the new elevated water storage tank based on proximity to water lines, hydraulic models and the ground elevation, topography and results of geotechnical and environmental studies on the site.
- The terms of the acquisition are as follows:
 - Purchase price: \$662,000 and \$605,000 respectively
 - Due diligence: 120 days
 - Closing: 30 days
- Following acquisition, construction is planned to begin in 2025.
