### **Explanation**

- On February 6, 2020, flooding caused creek bank soil to wash away which damaged the 36-inch sanitary sewer line that parallels Stewart Creek (Council District 3).
- Emergency repairs are needed to mediate the storm erosion damage and to prevent further damage.
- Atlantic Coast Contractors, Inc. has a contract with the city to perform restoration work and has availability to do the required emergency work.
- This change order provides for the capacity to address additional emergency repairs, as needed.

### **Charlotte Business INclusion**

All additional work involved in this Change Order will be performed by Atlantic Coast Contractors, Inc. and their existing subcontractors (Part D: Section 6 of the Charlotte Business INclusion Policy).
