Victoria O. Johnson, City Manager's Office

Explanation

- On October 26, 2020, City Council adopted the SAFE (*Safety and Accountability for Everyone*) Charlotte Plan which includes six public safety recommendations for the city to reimagine the approach to policing and violence prevention.
- SAFE Charlotte recommendations #2, 3, and 4 call for the city to work with an external partner to:
 - develop recommendations to convert low-risk sworn duties to non-uniform units;
 - expand the Community Policing Crisis Response Team (CPCRT) and develop a non-sworn officer responder model for mental health and homeless calls; and
 - provide an independent analysis of police-civilian contact, including police calls and responses.
- Some of the data required to carry out these analyses includes CMPD personnel records, which may be released by City Council pursuant to North Carolina General Statute 160A-168(c2), for statistical, research or teaching purposes when the institution certifies that no information will be released which would identify employees.
- CMPD and the City Manager's Office will work with RAND to ensure that personnel name data remains anonymous, and the executed agreement will include a required certification similar to the attached sample certification to safeguard personnel data.
- On December 4, 2020, the city issued a Request for Proposals (RFP); 11 responses were received.
- RAND Corporation best meets the city's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
