Explanation

- This purchase is being made in order to replace the currently issued Smith & Wesson handgun with the Glock handgun, that will serve as the Police service weapon.
- The existing firearms are reaching the end of service life. The purchase of new firearms is needed in order to ensure operability of the weapon system and product warranty.
- The Glock handgun is being recommended due to its proven reliability, durability, and overall performance in the law enforcement community.
- G.S. 143-129(e)(3) allows local governments to purchase from formally organized cooperative purchasing contracts.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs all agencies can leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise.

- Annual expenditures are estimated to be \$996,000.

Charlotte Business INClusion

These are cooperative purchasing contracts and are exempt (Part A: Appendix 27 of the Charlotte Business INClusion Policy).
