Explanation

- The Aviation Department's Airfield Maintenance Division is responsible for maintaining the pavement on the airfield, including rubber removal, paint removal, and paint protection. This work is done using a Stripe Hog water blasting machine.
- Due to the increases in aircraft operations, the needed intervals of rubber removal on the runways has doubled, requiring a second Stripe Hog unit to maintain airfield safety compliance.
- NC General Statute Section 143-129(e)(3) allows local governments to purchase from formally
 organized cooperative purchasing contracts.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs all agencies are able to leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise.
- Annual expenditures are estimated to be \$850,000.

Charlotte Business INClusion

This is a cooperative purchasing contract and is exempt (Part A: Appendix 1.27 of the Charlotte Business INClusion Policy).
