Explanation

- This contract will provide on-call services for the coordination and execution of additional polychlorinated biphenyl (PCB) handling services for Charlotte Water.
- Task orders may be executed that may include decontamination, hauling, and disposal services.
- On October 19, 2022, the city issued a Request for Proposals (RFP); one response was received.
- Synagro-WWT, Inc. best meets the city's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Annual expenditures are estimated to be \$1,000,000.

Background

- On February 6, 2014, wastes containing PCB were illegally discharged to the sanitary sewage collection system that flows to the Mallard Creek Wastewater Treatment Plant (WWTP) and the collection system that flows to the McAlpine Creek WWTP.
- Structures and equipment contaminated with PCB above certain thresholds are regulated by the U.S. Environmental Protection Agency and require decontamination to levels and by methods outlined in the Toxic Substance Control Act (TSCA) and are required to be disposed of in accordance with TSCA.
- This contract supports Charlotte Water's long term remediation strategy for the handling of this pollutant.

Charlotte Business INclusion

Per Charlotte Business INclusion Policy: Part C: Section 2.1(a) The city shall not establish Subcontracting Goals for Contracts where (a) there are no subcontracting opportunities identified for the Contract; or (b) there are no MWBEs or SBEs certified to perform the scopes of work that the city regards as realistic

opportunities for subcontracting.

This contract meets the provisions of (a) - No subcontracting opportunities.
