Property Owner's Concerns: The property owner is concerned about the amount of compensation offered and the design and impacts of the project.

City's Response to Property Owner's Concerns: The city explained the rationale of the design and how it meets the objectives for the project. City staff met with the property owner on several occasions to address design concerns. The city informed the property owner that they could obtain their own appraisal or provide supporting documentation to justify their counteroffer.

Recommendation: To avoid delay in the project schedule, the recommendation is to proceed to condemnation during which time negotiations can continue, mediation is available, and if necessary, just compensation can be determined by the court.
