Phil Reiger, General Services
Marcy Mars, General Services

Explanation

- The city uses various types of equipment to maintain city fleet, landscaping, and other assets. Vehicles and equipment being purchased include but are not limited to, excavators, skid steers, heavy duty cab and chassis, aerial light truck bodies, utility vehicles, trenchless excavation equipment, and soil piercing tools.
- The city assesses vehicles and equipment on an annual basis to determine replacement needs based on a rating of usage, age, maintenance costs, and condition.
- NC General Statute Section 143-129(e)(3) allows local governments to purchase from formally organized cooperative purchasing contracts.
- A cooperative purchasing agreement results from the consolidation and competitive solicitation of multiple public agency requirements. By aggregating common needs all agencies can leverage economies of scale, such as volume discounts, improved terms and conditions, reduced administrative costs, and access to professional and technical expertise.
- Annual expenditures are estimated to be \$500,000.

Charlotte Business INclusion

These are cooperative purchasing contracts and are exempt (Part A: Appendix 1.27 of the Charlotte Business INclusion Policy).
