Bridge Structure Repairs

Action:

Award a contract in the amount of \$1,509,196.75 to the lowest responsive bidder Lee Construction Company of the Carolinas, Inc. for the Fiscal Year 2017 Bridge Structure Repairs project.

Staff Resource(s):

Danny Pleasant, Transportation
Gus Jordi, Transportation

Explanation

- The Federal Highway Administration mandates that bridges and culverts be inspected every two years for structural adequacy, safety, and functionality.
- The City is responsible for the inspection and maintenance of 213 bridges within Charlotte's city limits.
- This contract provides for routine construction and maintenance work to 46 bridges identified in the inspection process.
- Work includes but is not limited to:
 - Superstructure replacement,
 - Concrete pavement repairs,
 - Asphalt surface sealing, repair, or replacement,
 - Brush and tree control,
 - Debris removal,
 - Soil and erosion repairs,
 - Barrier rail, hand railing installation and repairs,
 - Retaining wall repairs and replacement,
 - Culvert repairs,
 - Removal, containment and disposal of the existing materials,
 - Traffic control, and
 - Erosion and sediment control.
- On March 6, 2017, the City issued an Invitation to Bid for the Bridge Structure Repairs FY 2017 project; two bids were received from interested service providers. Since a minimum of three bidders are required to open per North Carolina General Statute, the project was re-advertised on April 4, 2017; two bids were received from interested service providers. During the re-advertisement, the contract may be awarded to the lowest responsible bidder even if only one bid is received from an interested service provider.

- Lee Construction Company of the Carolinas, Inc. was selected as the lowest responsive, responsible bidder.
- Bridge repair funding is provided through the 2016 Bond Referendum and included in the Community Investment Plan.

Charlotte Business INclusion

Established SBE Goal: 15.00%
