McAlpine Creek Wastewater Treatment Plant Roof Replacement

Action:

Award a contract in the amount of \$451,424 to the lowest responsive bidder Mecklenburg Roofing, Inc. for the McAlpine Creek Wastewater Treatment Plant Roof Replacement Project.

Staff Resource(s):

Angela Lee, Charlotte Water
Ron Hargrove, Charlotte Water
Carl Wilson, Charlotte Water

Explanation

- The McAlpine Creek Wastewater Treatment Plant (WWTP) is located in the southern part of Mecklenburg County (Council District 7).
- Certain roofs on site have reached the end of their useful life and are in need of replacement.
- This project is included in the five-year water and wastewater roofing replacement program, which will replace approximately 40 roofs distributed among five treatment facilities.
- On May 30, 2018, the City issued an Invitation to Bid; five bids were received.
- The project is anticipated to be completed by fall 2018.

Charlotte Business INclusion

Mecklenburg Roofing, Inc. has committed 2.44% (\$11,000) of the total contract amount to the following certified firm(s) (Part B: Section 3 of the Charlotte Business INclusion Policy):

- Berry's Container Service LLC (SBE) (\$7,000) (dumpster)
- KIG Construction Building Materials Inc. (MBE) (\$4,000) (material supplier)

Fiscal Note

Funding: Charlotte Water Community Investment Plan
