Explanation

- Terrazzo is a composite material that is used as flooring over an estimated 500,000 square feet throughout the Airport's main passenger terminal and the lobby of the business valet parking deck. The airport contracts for cleaning and polishing of terrazzo floors to maintain the terrazzo's durability and aesthetically pleasing high-gloss shine.
- Cleaning of terrazzo flooring requires specially trained personnel and equipment.
- On March 14, 2018, the City issued a Request for Proposals (RFP); four proposals were received.
- Sunshine Cleaning Systems, Inc. best meets the City's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- The estimated annual expenditure is \$500,000.
- This activity is occurring on airport property, Council District 3.
