### Private Developer Funds Appropriation

#### **Action:**

- A. Approve Developer Agreements with NR Stonewall Property Owner, LLC and Charlotte Latin School for traffic signal installations and improvements, and**
- B. Adopt a budget ordinance appropriating \$85,463 in private developer funds for traffic signal installations and improvements.**

#### **Staff Resource(s):**

Liz Babson, Transportation  
Charles Abel, Transportation

#### **Explanation**

- Private developer agreements and appropriations are needed when a developer is required through the City rezoning process to make traffic signal improvements.
- Funding contributions from private developers must be appropriated prior to the City's initiation of work.
- The \$85,463 in private developer funding is for traffic signals, traffic signal modifications and/or upgrades, and other related work associated with the developers' projects. The funding is restricted to the projects noted below:
  - NR Stonewall Property Owner, LLC contributed \$80,463 for traffic signal modifications by adding a mast arm at Davidson Street and Stonewall Street (Council District 1).
  - Charlotte Latin School contributed \$5,000 for relocation of school flashers at Providence Road 200 feet south of Raintree Lane and at Providence Road 300 feet south of Providence Church Road (Council District 7).
- These developer contributions are based on cost estimates prepared by the Charlotte Department of Transportation (CDOT).
- Any funding contributed by the developer(s) for a signal project that is unused by the City will be refunded back to the developer(s) after project completion.
- CDOT will install and operate these signals as part of the existing signal systems in the area.

#### **Fiscal Note**

Funding: Private Developer Contribution
