#### **Explanation**

##### Actions A - C

- Pursuant to North Carolina General Statute 160A-270(b), approval is requested for a public auction as follows:
  - On September 15, 2018, at 9:00 a.m. to dispose of City-owned property declared as surplus.
- Finance provides asset recovery and disposal services to the City, Mecklenburg County, Emergency Management Services, and the Charlotte Housing Authority.
- Auctions are conducted at the City's Asset Recovery and Disposal facility located at 5550 Wilkinson Boulevard, Charlotte, North Carolina.
- On January 11, 2016, Council approved a contract with Rogers Realty and Auction Company, Inc. for auctioneer and related services as the result of a competitive selection process.
- The auction company will be compensated 8.5 percent of the total gross sale price of rolling stock and miscellaneous items through auction proceeds.
- Proceeds from the auction are distributed to the City's General Fund and City's Enterprise Funds, (Aviation, Charlotte Water, and CATS), and other agencies based on asset ownership.

##### Action D

- On March 27, 2006, City Council adopted a resolution authorizing the Director of Shared Services (a former City department) to dispose of surplus personal property valued at less than \$30,000, as allowed under North Carolina General Statutes 160A-266 and 160A-279. City Council amended the resolution on July 23, 2012, to extend the surplus disposal to rolling stock (vehicles), which were omitted from the original resolution.
- After 2012, the Shared Services department was eliminated, and its functions were transferred to Management and Financial Services.
- The purpose of the revised resolution is to update the 2012 version by granting the disposal authority to the City Manager, who may then delegate it to such City employees as deemed appropriate for the efficient disposition of the property. This will eliminate the need for future updates as department names and responsibilities evolve over time.
