Transportation Strategy - Transit System

Staff Resource(s):

John Lewis, CATS

Time: 20 minutes

Explanation

- This presentation will provide information on the city's vision and strategy for transit services.
- The overview will include discussion on the 2030 Charlotte Area Transit System Plan and the initiatives underway to ensure we are on the right path for not only 2030, but planning for successes for decades to come.
- Goals of the Charlotte Area Transit System include: promoting safety, mobility, and community building in all that we do.

Future Action

This presentation is for information purposes only.
