Carl Wilson, Charlotte Water

Explanation

- This project will consist of approximately 10,000 linear feet of new sewer main, ranging in diameter from eight to 24-inches, which will eliminate an existing wastewater package plant, while extending the sewer system to serve future customers in the Stevens Creek Basin within the Town of Mint Hill.
- The sewer main will convey flow along Stevens Creek to the Stevens Creek Lift Station near Interstate 485 and Lawyers Road.

Action A - Construction Contract

- On July 26, 2018, the City issued an Invitation to Bid; four bids were received.
- RH Price, Inc. was selected as the lowest responsive, responsible bidder.
- The project is anticipated to be complete in the fourth quarter of 2019.

Action B - Construction Administration Services Contract

- The contract provides construction administration and inspection services during construction of the sanitary sewer portion of the project.
- On August 3, 2016, the City issued a Request for Qualifications (RFQ); 16 proposals were received. This project was one of the five projects listed in the RFQ.
- GHD Consulting Services Inc. was determined to be the best qualified firm to meet the City's needs on the basis of demonstrated competence and qualification of professional services in response to the RFQ requirements.
- On October 10, 2016, Council awarded the design services contract for Stevens Creek Phase 1.

Action C - Budget Ordinance

- The project has been combined with a Mecklenburg County-funded stream restoration project, which will restore the banks and vegetation along the same project limits of Stevens Creek.
- On April 9, 2018, Council approved an Interlocal Agreement between the City and Mecklenburg County, defining project finances and coordination.
