File #: 15-9687, Version: 1

Mast Arm Installation at South Boulevard and McDonald Avenue

Action:

Approve a contract with Duke Energy for up to \$102,028 for the installation of mast arms at the intersection of South Boulevard and McDonald Avenue.

Staff Resource(s):

Liz Babson, Transportation
Charles Abel, Transportation

Explanation

- On November 13, 2017, City Council approved a \$253,203 developer appropriation from Atherton Mills, LLC for the installation of a traffic signal on mast arms at the intersection of South Boulevard and McDonald Avenue (Council Districts 1 and 3).
- The City exclusively uses Duke Energy for the installation of mast arms on City streets because Duke Energy is responsible for all future maintenance to the mast arms.
- This amount is full payment for the Duke Energy installation of mast arms at this location.
- Installation is expected to be completed by second quarter of 2019.

Charlotte Business INclusion

This contract is exempt from the goal setting process (Part A: Appendix 1.27 of the Charlotte Business INclusion Policy).

Fiscal Note

Funding: General Community Investment Plan
