### Explanation
- The Sardis Lane Bridge spans a McAlpine Creek tributary stream on Sardis Lane between Carosan Lane and Valleybrook Road, located in Council District 6.
- The bridge meets North Carolina Department of Transportation (NCDOT) criteria for replacement based on a ranking using a combination of sufficiency ratings and current conditions.
- On August 24, 2015, City Council approved a municipal agreement with NCDOT for a reimbursement of 80 percent of the total cost of the Sardis Lane Bridge replacement project. As part of the original agreement NCDOT contributed $787,200 with the city's local match of $196,800.
- Design is complete and the real estate acquisition phase is underway.
- The supplemental agreement will add funds to complete the real estate and construction. NCDOT will reimburse the city an additional $745,600 with the city's additional local match of $186,400, for a total project cost of $1,916,000.
- Funding is available in the city's original project budget.
- Construction is expected to be complete in second quarter 2021.
