Sole Source Exemption

- G.S. 143-129(e)(6) provides that formal bidding requirements do not apply when:
 - Performance or price competition are not available;
 - A needed product is available from only one source or supply; or
 - Standardization or compatibility is the overriding consideration.
- Sole sourcing is necessary because Life Technologies Corporation is the only vendor capable of supplying DNA testing kits, consumables, and software that are compatible with the DNA testing equipment currently used by Charlotte-Mecklenburg Police Department's (CMPD) crime lab.
- The City Council must approve purchases made under the sole source exception.

Explanation

- Analyzing DNA samples is a routine service of the CMPD crime lab.
- The software and supplies provided by Life Technologies Corporation have been validated through an extensive testing process required for the crime lab's accreditation and for coordination with the Federal Bureau of Investigation's national DNA database.
- Annual expenditures are estimated to be \$300,000.

Charlotte Business INclusion

This is a sole source contract and is exempt (Part A: Appendix 1.27 of the Charlotte Business INclusion Policy).
