Sanitary Sewer Rehabilitation

Action:

- A. Approve a unit price contract with Atlantic Coast Contractors, Inc. for Sanitary Sewer Rehabilitation for an initial term of one year, and**
- B. Authorize the City Manager to renew the contract for up to three, one-year terms with possible price adjustments and to amend the contract consistent with the purpose for which the contract was approved.**

Staff Resource(s):

David Czerr, Charlotte Water
Ronald Hargrove, Charlotte Water

Explanation

- This contract will provide contractor services to Charlotte Water for medium- to large-scale repair, replacement, and rehabilitation projects, that are necessary to maintain the operational integrity of the sanitary sewer system.
- The city operates and maintains more than 4,300 miles of sanitary sewer lines. Many of these pipes often need repairs, replacement, or rehabilitation.
- The contract provides unit prices for various types of sewer main repairs including:
 - Repairing sewer system defects on pipes, manholes, and service lines,
 - Installing sections of new pipe to replace defective pipe,
 - Installing pipe liners, and
 - Cleaning and television inspection of internal pipeline infrastructure.
- This contract also enables Charlotte Water to address structural issues (such as cracked pipes, leaking manholes, etc.) as a preventative measure to reduce sanitary sewer overflows.
- On June 27, 2019, the city issued an Invitation to Bid (ITB); two bids were received.
 - G.S. 143-132 prohibits municipalities from awarding construction contracts over \$500,000 without receiving at least three competitive bids from the initial advertisement of the contract. The city may subsequently award the contract even if re-advertisements result in fewer than three competitive bids.
- On July 19, 2019, the ITB was re-issued; two bids were received.
- Atlantic Coast Contractors, Inc. was selected as the lowest responsive, responsible bidder.
- The renewals allow for possible price adjustments based on the Engineering News Record Construction Cost Index.
- Annual expenditures are estimated to be \$6,417,991.

Charlotte Business INclusion
