Airport Website and Mobile Application Service Provider Agreement

Action:

- A. Approve a contract with M2Mobi for the Airport website and mobile application for an initial term of three years, and**
- B. Authorize the City Manager to renew the contract for up to two, one-year terms with possible price adjustments and to amend the contract consistent with the purpose for which the contract was approved.**

Staff Resource(s):

Brent Cagle, Aviation
Haley Gentry, Aviation
Reenie Askew, Innovation and Technology

Explanation

- The Airport has a content management system which includes a passenger-facing website and mobile application.
- M2Mobi is currently a subcontractor that developed the website and mobile application and has a proprietary all-in-one "Digital Airport Platform" which allows for content management across the website and mobile application.
- For ongoing implementation and changes in scope due to Federal ADA requirements, it is beneficial to contract directly with M2Mobi for the Airport website and mobile application.
- Waiver of a competitive solicitation process for services may be granted on a limited basis when deemed appropriate and in the city's best interest. A waiver has been approved for these services based on continuity of service and limited vendors with required qualifications.
- Annual expenditures are estimated to be \$703,000.

Charlotte Business INClusion

Per Charlotte Business INClusion Policy:Part C:Section 2.1(a),the City shall not establish subcontracting goals for contracts where:(a) there are not subcontracting opportunities identified for the contract: or (b) there are no SBEs or MBEs certified to perform the scopes of work that the city regards as realistic opportunities for subcontracting.

This contract meets the provisions of (a) - No subcontracting opportunities.
