Explanation

- The city operates more than 100 storage tanks at numerous city facilities in compliance with federal and state regulations.
- These contracts will provide on-call fuel specialty providers to prevent fuel spills/leaks and ensure regulatory compliance.
- The operation and maintenance of fueling systems includes but is not limited to:
 - Electronic monitoring/testing of leak detection and spill prevention equipment;
 - Installation, repair, and/or replacement of piping and tank system components;
 - Vacuum/pumping services as needed for preventive maintenance; and
 - Testing and calibration services to comply with regulatory compliance inspection.
- On July 7, 2020, the city issued a Request for Proposals (RFP); three responses were received.
- The companies selected best meet the city's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Total estimated annual expenditures are \$600,000.

Charlotte Business INClusion

Per Charlotte Business INClusion Policy: Part C: Section 2.1 (a) The city shall not establish Subcontracting Goals for Contracts where (a) there are no subcontracting opportunities identified for the Contract; or (b) there are no MWBEs or SBEs certified to perform the scopes of work that the city regards as realistic opportunities for subcontracting.

These contracts meet the provisions of (a) No subcontracting opportunities.
