Explanation

- The city owns more than 250 emergency standby generators at various city facilities, including fire stations, airport buildings, transportation facilities, and communication towers.
- These generators provide back-up electric service to vital facilities when commercial electric service is not available to help ensure the health and safety of building occupants and continuity of public services.
- Generators must be inspected, tested, and serviced at least once a year to maintain readiness in case of emergency.
- This contract includes routine maintenance services and on-call services as needed.
- On March 29, 2021, the city issued a Request for Proposals (RFP); six responses were received.
- The companies selected best meet the city's needs in terms of qualifications, experience, cost, and responsiveness to RFP requirements.
- Annual expenditures are estimated to be \$460,000.

Charlotte Business INClusion

Per Charlotte Business INClusion Policy: Part C: Section 2.1(a) The city shall not establish Subcontracting Goals for contracts where (a) there are no subcontracting opportunities identified for the Contract; or (b) there are no MWBEs or SBEs certified to perform the scopes of work that the city regards as realistic opportunities for subcontracting.

This contract meets the provision of (a) - No subcontracting opportunities.
