Debbie Smith, Transportation
Johanna Quinn, Transportation
Matt Magnasco, Transportation

Explanation

- The I-85 North Bridge Project is intended to increase connectivity in the University area. The project will construct a new street across I-85 (connecting J.W. Clay Boulevard to Research/David Taylor Drives), construct shared-use paths, and create a gateway into Charlotte. The project is located in Council District 4.
- This project complements the city’s investment in the adjacent J.W. Clay Boulevard Streetscape project by extending it across I-85 into the University Research Park.
- The total funding for the I-85 North Bridge project is \$42,835,632 and is as follows:
 - \$17,655,632 in Federal funding
 - \$12,903,632 - previously-appropriated funds
 - \$4,752,000 - the subject supplemental agreement
 - \$25,180,000 in city funding from 2014, 2016, and 2018 bond referendum
- This format is consistent with past municipal agreements between the city and NCDOT.
- Construction is expected to begin in early 2024.

Charlotte Business INclusion

This is a Municipal Agreement contract and is exempt (Part A: Appendix 1.27 of the Charlotte Business INclusion Policy).

Fiscal Note

Funding: NCDOT Funding
