COMMUNITY MEETING

The community meeting was held on April 24, 2026, and 2 people from the community attended.

The community meeting report notes that items discussed at the meeting included a presentation of the rezoning petition with a question and answer period following.

The full meeting report is available online.

STAFF RECOMMENDATION	<p>Staff recommends approval of this petition.</p> <p><u>Plan Consistency</u> The petition is consistent with the goals and policies of the <i>West Middle Community Area Plan</i>. The petition may facilitate the following priority goals of the area plan:</p> <ul style="list-style-type: none"> ○ 2: Neighborhood Diversity & Inclusion may be facilitated by adding the ability to develop more infill housing near commercial areas and points of interest. <p><u>Rationale for Recommendation</u></p> <ul style="list-style-type: none"> • The site is designated as a Neighborhood 1 Place Type by the <i>West Middle Community Area Plan</i> and the <i>2040 Policy Map</i>. The request is in alignment with the site’s Place Type designation and Community Area Plan goals. • The proposed zoning represents a slight increase in intensity over the existing N1-B entitlements. • The primary difference between N1-B (current zoning) and N1-C (proposed zoning) is in dimensional standards, such as lot size and lot width. The two N1 districts permit the same uses. • Directly south of the subject site, across Cochrane Drive, is the approved Rezoning Petition 2024-114, which permits up to 53 multi-family attached units. • The site meets Place Type 5 criteria using the Creating Complete Communities policy guidance. This policy outlines criteria that a rezoning petition should meet if it is requesting a more intense Neighborhood 1 zoning district to assess impacts to established residential areas that may have defined characteristics.

• Infrastructure and By-Right Development

- This map depicts infrastructure projects, rezonings, and projects occurring by-right in the vicinity of the subject rezoning. By-right development is development that without exception complies with all standards of the zoning district in which the development is taking place. A project occurring by-right denotes that the development is allowed on the property and needs only to show that the development will meet the ordinance standards).
- More information on the specific projects in this area can be found using [Development Near Me](#)

• Public Plans and Policies

- The *West Middle Community Area Plan* and accompanying *2040 Policy Map* recommends the Neighborhood 1 Place Type. The proposed rezoning is in alignment with the adopted Neighborhood 1 Place Type.
 - Neighborhood 1 places are the lower density housing areas across Charlotte, where most of the city’s residents live, primarily in single-family or small multi-family homes or ADUs.

- This site is within the *West Middle Community Area Plan*. The rezoning petition may help facilitate the priority goal 2. The petition may advance Goal 2 (Neighborhood Diversity and Inclusion) by adding the ability to develop more infill housing.
- Petitions requesting a higher Neighborhood 1 zoning classification are reviewed using the Creating Complete Communities policy guidance. This framework outlines key criteria to help ensure that the scale and massing of new development or redevelopment fits within established areas. While not exhaustive, these criteria guide staff’s analysis. The table below summarizes how they apply to the proposed change from N1-B to N1-C for this site.

Place Type-5 Criteria Creating Complete Communities Recommendations	Site Information
Existing Lot Patterns in the Area	The block that the site is located in does not have a clear, established lot pattern. The adjacent block to the south does have more uniformity.
Average Lot Dimensions	The subject site has larger lot areas than most of the comparable residential parcels along the north side of Cochrane Drive. The lot width of the subject parcels also exceed adjacent and nearby residential lots in the same block.
Road Frontage Classification	Cochrane Drive is classified as a local street on the Charlotte Streets Map but is adjacent to Statesville Road, a major arterial.
Location of the Subject Parcel	The rezoning site sits in a block on Cochrane Drive which has predominantly residential uses.

• **INFRASTRUCTURE COMMENTS**

• **Charlotte Department of Transportation**

- The site is located adjacent to Cochrane Drive, a City-maintained local street, west of Statesville Road, a State-maintained major arterial. A Comprehensive Transportation Review (CTR) is not necessary for the complete review of this petition due to the conventional rezoning. A CTR will be required during permitting if the site generates site trips over ordinance thresholds. The site will be subject to transportation improvements in accordance with the UDO and the adopted CDOT Streets Map. CDOT will work with the petitioner during the permitting process to pursue all options to provide additional forms of connectivity that reflect the types of development associated with this place type and zoning district.
- **Active Projects:**
 - No active projects near the site.
- **Transportation Considerations:**
 - No outstanding issues.
- **Vehicle Trip Generation:**
 - Current:
 - Existing Use: 28 trips per day (based on 2 single family detached units).
 - Existing Zoning Entitlements: 28 trips per day (based on 2 single family dwelling units).
 - Proposed Zoning: 40 trips per day (based on 3 single family dwelling units).

• **Storm Water Services**

- **Considerations:**
 - Reviewed, no comments.

• **Charlotte Water**

- Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing 8-inch water distribution main along Cochrane Drive. Charlotte Water has accessible sanitary sewer system infrastructure for the rezoning boundary via an existing 8-inch gravity sewer along Cochrane Drive.
- **Considerations:**
 - No outstanding issues.

- **Charlotte-Mecklenburg Schools**
 - Due to the relatively small acreage of the site, the development allowed under the proposed zoning may not generate students.
 - **Considerations:**
 - No outstanding issues.
- **Charlotte Area Transit System**
 - **Considerations:**
 - Reviewed, no comments.
